4. Other Fees

Fee Category	Fee Rate
Fee for non-refunded Payment Exceptions	100 % of the Payment Exception amount

Please be advised that we apply an administrative fee to minor amounts, typically received when your customer sends an incorrect amount that is too low to be returned due to network fees. An amount is considered minor if the total administrative costs (e.g. network, processing, or miner fees) are equal to or higher than the amount received. Any amount equal to or below this threshold will be retained by us as an administrative fee.
